Description

Ashé Mystics - Fizzy Bubble Hummm - release date: August 29, 2025

Three multi-instrumentalists: two drummer/percussionists, one guitar/cellist, with massive electronic effects and extended techniques.

In their debut album, *Fizzy Bubble Hummm*, the **Ashé Mystics** journey from expansive soundscapes, to meditative blippy science lab pulses, to scraping industrial pastiches, to crushing caffeinated noise.

Ashé Mystics is a collaboration established as a means of developing new possibilities of expression by exploring the integration of electronics to traditional rhythms. Ashé is a Yoruba word with multiple meanings; the principle definitions being the power that manifests in all objects and events, as well as the power that causes change.

The Instant Arts Quartet are:

Joshua Marquez - guitarist, multi-instrumentalist, composer, improviser, and sound artist

Julius Masri - composer and multi-instrumentalist with a primary focus on drumset,

Kevin Diehl - electro-acoustic drummer, percussionist, composer, producer

These three artists are fusing their treasured individual artistic concepts, explorations, and languages, and play off of each others' energies, synthesizing new possibilities extending beyond established intellectual constructs.

Release date: August 29, 2025. 1st High Two edition of 300 copies pressed on premium audiophile-quality 140 gram vinyl at Smashed Plastic, from Carl Saff audio lacquers and mastering. Recorded by Michael Richelle, Rittenhouse Soundworks, Philadelphia. Digital files available at HighTwo.Bandcamp.
